

GIANT BRAKE CLEAN

Solvent-Based Brake & Parts Cleaner

DESCRIPTION

GIANT BRAKE CLEAN is an extremely effective brake and parts cleaner for removing oil, grease, stubborn dirt & dust, and other contaminants from brake components.

GIANT BRAKE CLEAN is CFC-free, Silicon-free, and is safe on plastics, rubber and paint. It leaves no residue after use and can reduce brake squeal, while improving brake performances. It is safe on most metals.

PROPERTIES

Physical State	Liquid
Color	Clear
pH Value	Not Applicable
Solubility in Water	Insoluble
Density	0.72 ± 0.03 kg/m3

BENEFITS

- Removes oil, grease, dirt and brake dust
- Reduces brake squeal
- Leaves no residue
- Improves braking performance
- Safe on most metals
- Safe on plastics, rubber and paint
- CFC-free, Silicon-free

TYPICAL APPLICATIONS

GIANT BRAKE CLEAN can be used directly on the components of the brake system (brake lining, brake discs, CV joints, brake cylinders, brake calipers, brake drums, etc.). It can also be used in general for removing oil, grease, stubborn dirt & dust on any metal component, commonly found in automotive workshops, fleet maintenance depots, marine vessels, industrial work areas, etc.
