

PRODUCT DATA SHEET

GIANT DRESS IT

Tyre & Vinyl Polisher

DESCRIPTION

GIANT DRESS IT is specially formulated to leave a long-lasting shine on all tyre & vinyl surfaces so as to prevent brake dust, road grime, tar and grease from ruining the appearance of the wheels & tyres and damaging their surfaces. With its special bonding properties, GIANT DRESS IT stays longer on tyres, regardless of any weather condition. It provides an extremely durable coating which contains a special revitalizer for rubber. It penetrates & bonds to the surface of the tyre, thus resisting the damaging effects of water & dirt, therefore also minimizing the drying and cracking of rubber.

PROPERTIES

Physical State	Liquid
Color	Clear
pH Value	Not Applicable
Solubility in Water	Insoluble
Density	> 1.0 kg/m ³

BENEFITS

- Provides a long-lasting luster and shine
- Protects tyre and vinyl surfaces from cracking
- Seasonal protection for tyres
- Water resistant

TYPICAL APPLICATIONS

GIANT DRESS IT is commonly applied by a clean sponge or cloth to the exterior portions of a vehicle containing rubber or vinyl parts, like on the car tyres and places where vinyl can be found. It is used by car detailers, car groomers, in car showrooms, and individual car owners.

Always familiarize yourself with the details as stated within the Safety Data Sheet of this item before using it.
